

Downtown Revitalization Improvement Program Grant & Loan Guidelines

Purpose and Mission

The purpose of this program is to improve the appearance and functionality of commercial properties located in the Dodge City Downtown Commercial zoning district. (See map for area boundaries.) Improving the appearance and functionality of commercial buildings is part of an overall strategy to attract consumers and new businesses as well as to support existing businesses there.

Strategy

This program is designed to achieve its purpose by providing attractive financial incentives for current and prospective property owners in the downtown area to significantly improve the appearance of the outside of their buildings, as well as increasing the function of the interior of the building. These incentives include a grant with a 50/50 match to be used for exterior property improvements, and a zero-percent interest loan with a 50/50 match to be used for interior improvements. To assure that the improvements are of high quality, are cost effective and are in keeping with the goals set by Main Street Dodge City for authentic, historically sensitive redevelopment; all improvements must comply with the Main Street Dodge City Design Guidelines. The Main Street Dodge City Board of Directors, in consultation with the Main Street Dodge City Design Committee, will determine compliance.

Program Eligibility & Requirements

The program is available to commercial property and business owners in the Dodge City Downtown Commercial area that are in current standing with their property & sales taxes and are members of Main Street Dodge City. Applicants must remain or agree to become a member for a 5-year term. If an applicant does not pay their membership during the 5-year term, they will be required to pay back the grant/loan. Only projects that have not been started will be considered for this program. Applicants who have an open grant project or a balance remaining on a loan through this program are not eligible to apply. The basic principle of the Main Street Program is the historic preservation of Downtown Dodge City's Historic District, therefore a preference shall be given to applications that improve and preserve historic properties that lay within the historic district. Decisions on applications for this program are based on the criteria outlined in this document. Each application/request will be considered solely on its merits, without regard to age (provided the applicant is of age as prescribed by law), color, creed, marital status, national origin, political party affiliation, race or sex of the applicant(s).

Application and Financing

Applications will be judged on a competitive basis and will be evaluated as to their need and historical significance. Once approved, the money will be granted or loaned out as a 50-to-50 private funds to program funds. Meaning, once the property or business owner has turned in receipts showing their investment for 50% of the project, Main Street Dodge City will then grant or loan the individual the remaining 50% of expenses. The applicant must sign a Promissory Note before any funds will be loaned out. Applicants may apply for up to \$5,000, unless otherwise approved by the Main Street Board of Directors. All loans will receive a zero-percent interest rate based on a term length of no more than 30 months. The exact term length will be decided based on the amount of the loan.
